JEEVITHAN S

Flutter developer

EDUCATION

Carme Higher Secondary School - HSC
2017 – 2019

Stella mary's college of engineering - BE
2019 - 2023

WORK EXPERIENCE

Agile cyber solution - Flutter developer
Jan 2023–present

As a Full Stack Developer and Squad Lead at Agile Cyber Solution, I led a team of three in delivering mobile applications. I managed project timelines, developed user interfaces with Flutter and Dart, and created backend solutions with Python.

MK IT Solutions - Angular developer
Aug 2022–Dec 2022

I worked with Angular 16.0.1 to build and optimize dynamic web applications. I developed UI components, managed state with Angular services, and integrated APIs. Collaborating with senior developers.

ACCOMPLISHMENT

Achieved Certification as a Flexible Employee at Agile Cyber Solutions, showcasing a proven ability to adapt to various tasks and project requirements. This accomplishment highlights my proficiency in adjusting to shifting work demands, collaborating efficiently with diverse teams, and consistently delivering high-quality outcomes in dynamic environments.
